Sustainability professional with 4+ years of combined experience in ESG disclosures, sustainability data management, green building certifications, and circular economy research. Proven expertise in BRSR, GRI, IR, CDP, DJSI frameworks, green building compliance (GRIHA, IGBC, GEM, LEED), and stakeholder engagement across EPC and consulting environments. Strong track record in decarbonization, circular economy, and ESG reporting, with exposure to large-scale government and infrastructure projects.

WORK EXPERIENCE

Sustainability Officer

I-NAT GLOBAL, DELHI

Present

- Engaged deeply with clients for sustainability interventions, presenting sustainability as long term investment rather than a short-term cost for the project.
- Documented feasibility reports, narratives, calculations for IGBC, GRIHA, LEED, GEM projects such as Kaushal Bhavan, Vanijya Bhavan, MP Residences, AIIMS Bathinda, Nalanda University, Naval War College.
- Managed sustainability data tracking & ESG KPI monitoring for multiple infra projects.
- Prepared ESG-aligned documentation, including BRSR and Integrated Report contributions.
- Conducted Life-Cycle Assessments (LCAs) using OpenLCA/SimaPro for building materials, supporting low-carbon strategy.

Founder and Managing Director

PLAN TO SUSTAIN (ESG & CIRCULAR ECONOMY CONSULTING)

2022 - 2025

- Advised SMEs, EPC firms, and product manufacturers on ESG disclosure readiness (BRSR, IR, CDP).
- Designed Circular Economy frameworks for construction and product supply chains.
- Authored ESG & carbon accounting blogs for industry visibility.
- Developed ESG data templates for KPI monitoring and compliance.

Graduate Researcher

SCHOOL OF PLANNING & ARCHITECTURE, VIJAYAWADA

Oct 2023 - July 2025

- Thesis: Circular Economy in C&D Waste in Delhi – used GIS, MICMAC, KPI frameworks to design city-level CE roadmap.
- Benchmarked global best practices in decarbonization, waste recycling, and supply chain sustainability.
- Published research blogs on ESG, carbon accounting, and sustainable infrastructure.

Urban Planning Intern

TOWN PLANNING ORGANISATION, KASHMIR

May 2024 - July 2024

- Mapped environmental buffer zones and supported drafting of water conservation strategies.
- Worked on policy briefs that considered climate resilience in urban development

Internship

J&K PUBLIC WORKS DEPARTMENT

May 2019 - August 2019

- Assisted in environmental monitoring, site-level impact assessment, and liaison with regulatory authorities for compliance.

EDUCATION

Master in Environmental Planning and Management

2023 - 2025

SPA VIJAYAWADA

CGPA 8.3

Bachelor in Engineering

Civil Engineering

UNIVERSITY OF JAMMU

2016 - 2021

CERTIFICATIONS AND CREDENTIALS

- ESG, Carbon Accounting & Circular Economy (self-led + professional projects)
- IGBC AP – Indian Green Building Council
- GRIHA CP – Green Rating for Integrated Habitat Assessment
- GEM CP – ASSOCHAM GEM Sustainability Rating
- GATE 2023 AIR 594 | Strong analytical foundation in environmental systems
- Cleared UPSC Prelims (2021, 2022) | Demonstrates high-level policy insight
- Certified in AutoCAD and Digital Marketing

SKILLS

- ESG & Sustainability Reporting: BRSR, GRI, IR, CDP, DJSI
